

2017-2018: Aisling Power

Aisling Power, co-recipient for 2017-2018, graduated from UNC-Asheville with a double degree in Physics and Mathematics, then went on to graduate school for Physics at CUNY with research focus of Theoretical Biophysics. In addition to extensive programming and general problem solving skills, Aisling has lots of leadership experience, as President of the Society of Physics Students at UNC-Asheville, and in the execution and development of many different volunteer and STEM Outreach events.

Aisling also worked as a docent at Lookout Observatory.
